

One Planet, Many Choices

March 17, 2010

Dear Exhibitor,

CT Folk is preparing for the 2010 Connecticut Folk Festival and Green Expo, to be held on September 11, 2010 at the beautiful Edgerton Park, New Haven. We are delighted to offer you the opportunity to reserve your space for this unique event.

Local is Green. This year's focus for the Green Expo is on all things local! CT Folk is a trusted source for Connecticut residents in sifting through the many options available to consumers. We invite you to partner with us for this year's Festival; let CT Folk highlight the work you do to help you improve consumers' awareness of the green products and services you offer, distinguishing you from among the many choices available.

Take advantage of this opportunity to create a competitive advantage over your colleagues through the strong and unique positioning that partnership with the Connecticut Folk Festival and Green Expo provides. Benefits of partnership include:

- **Exposure to a broad audience with an interest in eco-friendly products and services**
- **Cost-effective advertising to a qualified and targeted audience**
- **Opportunities to showcase your business or organization**
- **Personalized connections with people who are interested in making a positive difference in both their lives and in their communities**

Who can be a sponsor?

Sponsors include companies whose products and operations have significantly reduced environmental impacts and move in the direction of long-term sustainability. Companies with a specific product line or service with significantly reduced environmental impacts are also eligible, as long as the sponsorship features the specific product or service. Government or nonprofit organizations whose objectives are consistent with those of CT Folk are also invited to be vendors and/or sponsors.

Goals for CT Folk's Connecticut Folk Festival and Green Expo

The Connecticut Folk Festival and Green Expo provides real solutions for people to live better, healthier lives with less impact on the environment. The Festival connects people

who are interested in making a positive difference in both their lives and in their communities through environmental initiatives and activities, and through the social advocacy of traditional and contemporary roots music. CT Folk aims to do this by:

- Educating people about the environmental impacts of daily living and the concepts for cost savings through efficiency
- Connecting people with currently available local "living green" products, businesses, services and resources
- Gaining greater public participation and support for government actions for sustainable communities
- Presenting a consumer-focused, fun, and family-friendly weekend of activities that everyone can enjoy.

For a \$100 fee, exhibitors receive a 10 X 10 space at the Edgerton Park Green Expo venue and listing on CT Folk's website and in the 2010 Connecticut Folk Festival and Green Expo program book. There is an additional \$25 fee to reserve a 6 ft table and two chairs. **A discounted rate for non-profit organizations is available; please contact Coleen Campbell for more information.** There are also additional marketing opportunities and sponsorship packages available.
